CASH RECOMMENDATIONS – March 2023

In this report, we have updated our figures to set out what we believe to be the most competitive rates on the various types of personal deposit accounts available at the moment. These accounts are also protected by the Financial Services Compensation Scheme (FSCS) where if a provider fails, the FSCS will pay out an amount of £85,000 per person, or £170,000 for a joint account.

If the account is with NS&I, who is backed by HM Treasury, your full balance is protected. While the rates with NS&I are no longer market leading, this feature is still particularly useful when looking to place large sums, for example, following the sale of a property. The rates quoted may be subject to change and should be checked with the relevant provider before applying.
